**REQUEST TO WITHDRAW FINALITY
OF THIRD OFFICE ACTION UNDER MPEP 706.07(d)**

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants respectfully request that the holding of finality set forth in the third and originally Final Official Action ("the Third Action") dated October 22, 2002 be withdrawn in accordance with MPEP 706.07(d). The Third Action offered no reasoning to support the holding of finality. The finality of the Third Action was premature, as the Action entered a new ground of rejection against several claims, not necessitated by Applicants' amendment or untimely submission of references. Finality is therefore improper and should be withdrawn.

Prior to the Second Official Action, claims 1-30 and 34-42 were pending. The Second Action rejected claims 23-29, 34 and 35 under 35 U.S.C. § 103(a) as allegedly being legally obvious over the Schroit, Gimbrone and Umeda references in combination. Applicants submitted a response on the merits, rebutting the § 103(a) rejection over Schroit, Gimbrone and Umeda in the remarks section, amending claims 1, 30, 34, and 38 and adding claim 43.

The third and originally Final Official Action rejects claims 1, 3-12, 14, 19-29, 34, 35 and 39-43 under § 103(a) over Schroit, Gimbrone and Umeda. The Third Action offers no reasoning to support the holding of finality (which is itself contrary to proper procedure). Finality is premature, as the § 103(a) rejection in the Third Action is newly applied to several non-amended claims.

In detail, the § 103(a) rejection over Schroit, Gimbrone and Umeda in the Second Action was applied only to claims 23-29, 34 and 35. The Third Action rejected claims 1, 3-12, 14, 19-29, 34, 35 and 39-43 under § 103(a) over Schroit, Gimbrone and Umeda. The rejection is thus newly applied to each of claims 1, 3-12, 14, 19-22 and 39-43. Of the newly rejected claims, only claims 1 and 38 had been amended and claim 43 added. Therefore, the Third Action improperly entered a new ground of rejection against pending and unamended claims 3-12, 14, 19-22 and 39-42, of which claims 39-42 are unamended, independent claims.

The third Action clearly entered a new ground of rejection against claims 3-12, 14, 19-22 and 39-42, each pending before the Second Action, which was not necessitated by Applicants' amendment or untimely submission of references. Finality is therefore premature and Applicants respectfully request that the holding of finality be withdrawn.

According to MPEP 706.07(d), the present document need only be a Request and not a Petition (although Applicants reserve the right to challenge any adverse holding by petitioning the Group Director under MPEP 706.07(c) and 1002.02(c)).

No fees are due for a Request under MPEP 706.07(d). However, should any fees under 37 C.F.R. §§ 1.16 to 1.21 be deemed necessary for any reason, the Assistant Commissioner is authorized to deduct said fees from Williams, Morgan & Amerson, P.C. Deposit Account No. 50-0786/4001.002282. Applicants reserve the right to request a refund for any fees deducted in connection with this Request, in addition to a refund for the Notice of Appeal fee, which is not required in light of the premature finality.

Should the Office have any questions, a telephone call to the undersigned Applicants' representative is earnestly solicited.

Respectfully submitted,

A handwritten signature in black ink, appearing to be "SF" or similar initials.
